

NEMA CABINET

Product Features

Finish

- Durable black textured powder paint finish

Structure

- Frame constructed of rugged 13GA steel
- To maintain dust free environment, cabinet comes standard with:
 - Double return flange with seamless gasket to provide seal with doors
 - 4 point latch securely closes and locks door to frame
- The bottom of the cabinet is sealed by using one of two items:
 - Flat floor panel attaches to mounting plates and comes standard
 - Sealed floor panel (box shaped) attaches to mounting plates & rests on floor. This panel allows for cable access & is sold separately.
- Side panels bolted in 4 places
- Cabinet assembly will include a solid front and rear door, one solid side panel and two side panels.

Options

NEMA cabinet frames support the CableTalk products:

- Mounting angles – tapped or cage nut style
- Cable management systems
- A/C versions available in 4000, 8000 & 12000 BTU
- Shelves
- Power solutions
